

Dear Friends and Wine Lovers,

It is with great pleasure that we proudly announce the release of our highly anticipated **2013 *Estate***.

Following many years of traveling to the world's most renowned wine regions and learning and experiencing their lifestyle and culture, we eventually fell in love with the beautiful and iconic St. Helena appellation of Napa Valley. After patiently searching for our ideal site to call home and a place to produce our vision of a world class wine, we discovered a hidden gem tucked away in a historical row of vineyards that were started in the late 1800s by the legendary first female winemaker of Napa Valley, Josephine Tychson. This part of St Helena is now home to numerous Grand Crus of the Napa Valley, from Colgin and Vineyard 29 to Grace Family and Morlet. In 2001, Dick Grace and his team planted a parcel of tightly-spaced Bosché clone vines on our gently sloped East-facing property. Rooted in a unique, signature rocky volcanic soil, the rows were arranged in an East-West direction to optimize both morning and afternoon sunlight that allows picking of the grapes at the ideal physiological ripeness. We harvest the fruit in small custom lugs, triple sort the berries by hand, transfer the fruit to new French oak barrels where it spends 18 months, and then bottle the wine unfiltered and unfinned.

2013 *Estate* Cabernet Sauvignon - 100 cases

The 2013 Estate makes a remarkable first impression with a stunning multi-dimensional floral blue and black aromatic profile. The mid palate is packed, incredibly rich and gorgeously constructed. With a lush, full-bodied style, this wine has terrific intensity, purity, and overall equilibrium, delivering a skyscraper-like mouthfeel that offers plenty of blueberry, blackberry, violet, cedar wood and licorice, as well as some forest floor with a finish that continues for nearly a minute.

We will continue to deliver this spectacular wine for many more years in hopes to pass it down for generations to come, just like the special timepieces that my great-grandfather created over a century ago.

Enjoy!
Val Bure

We encourage you to secure your allocation now. With only 100 cases produced, your personal allocation will be guaranteed available up until two weeks from the date of release.
